---

Sydney-

If this is the confirmation letter emailed to her from the DEA, I might have received it, but I couldn't open it, just like the attachment you sent me. The message that popped up is:

"For security reasons, this attachment may only be viewed as a Web page. It cannot be saved to disk.

The document cannot be opened as a Web page. If the problem continues, contact technical support for your organization."

I could open the other two attachments from the DEA. I've tried forwarding my email to other people in the lab to see if they could open it, but Outlook won't let me send the attachment. I'm getting in touch with Eric (or IT computer guy) to see if he can fix it quickly.

Hello Sonja,

Please see the confirmation letter attached that Hevis received. Did you not receive this. If you did, please email to me as soon as possible.

By the way, I did receive your envelope today.

Thank you,

Sydney
